

## Continuing Education Credits

### **STATEMENT OF OBJECTIVES:**

The 2018 Association for Child Psychoanalysis Annual Meeting Continuing Education Programs are intended to bridge practice gaps in the professional knowledge of attendees by exploring new and recent developments in child psychoanalytic theory and technique, research, neuroscience, and clinical knowledge and by offering opportunities for review of essential psychoanalytic knowledge. There are a number of programs focused on work with children and adolescents providing needed training for those working with this patient population. These continuing education activities are presented in a variety of formats such as scientific papers, clinical workshops, lectures and discussion groups and are designed to increase the professional competence of mental health professionals, including psychiatrists, psychologists, social workers, marriage & family therapists, licensed educational psychologists, licensed professional clinical counselors, registered nurses and those in training in these disciplines as well as academics in mental health and non-mental health fields.

### **IMPORTANT DISCLOSURE INFORMATION FOR ALL**

**LEARNERS:** None of the participants, planners and presenters of this CME program have any relevant financial relationships to disclose.

**PHYSICIANS:** These activities have been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Psychoanalytic Association and the Association for Child Psychoanalysis. The American Psychoanalytic Association is accredited by the ACCME to provide continuing medical education for physicians. The American Psychoanalytic Association designates these Live Activities for a maximum of 12 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**PSYCHOLOGISTS, SOCIAL WORKERS, MARRIAGE AND FAMILY THERAPISTS, ETC.:** In previous years, the Association for Child Psychoanalysis was approved by the American Psychological Association to provide Continuing Education Credits (CEs). However, the American Psychological Association has changed its procedures, and will notify the Association for Child Psychoanalysis in April of 2018 concerning the approval of CEs for this year's program. If that approval is not available for the 2018 program, the non-physician attendees in most cases can receive CE credit from their licensing boards by submitting the certificate of completion indicating that the program was approved through the requirements and policies of the ACCME. Non-physician attendees should check with their individual licensing boards to confirm acceptance.

### **TARGET AUDIENCE:**

The target audience includes medical doctors, psychologists, psychoanalysts, social workers, marriage and family therapists, and individuals in education in various other backgrounds who are involved in child and adolescent psychoanalysis. Participants at all levels of expertise will benefit from this program.
